Tonya:

Would you mind checking through this "track changes" version of the Building Demo FFS, which incorporates Mary Peterson's comments? There are embedded Tetra Tech comments, which give further clarification on what we've done. Once you agree, we'll remove the comments, recheck grammar/typos/etc. and have Ted Faile do a QC review, focusing on the changes. Feel free to contact me if you have any questions.

Thanks,
Mike
